

Dear TopHotels.ru team

Last week (17/02/21) we had an amazing Webinar being organized by your company.

It was our first experience to run such type of marketing activities with TopHotels and I was totally impressed with the quality, preparation, and tools you use.

I'm also very thankful to your Technical department for being true super heroes for helping us out with our video issues and managing to sort the last minute video uploads in a very efficient manner. I can say that the process from A to Z was extremely professional and well coordinated and to be honest it was the best webinar we ever participated in.

We already started experiencing ROI from this activity as we started getting many inquiries from CIS agents who use this Webinar as referral point in order to launch our partnership with them.

Once again very well done! I can assure you that it's our first but definitely not the last cooperation! We will be honored to be your loyal customers for years ahead.

Best Regards

STASYA RAKHMANOVA
